

Hartley Lifecare Assistive Technology Program Free Information Workshop

Google Home...Amazon Alexa...Apple Siri

Everyone is talking about home automation and voice control at home.

Join us for a free information night at Hartley Lifecare.

Thursday 8th November 2018

6-8pm at 6 Hodgson Place Pearce ACT

PRESENTED BY: Dr Graeme Smith — Founder of Ability Technology

This information workshop is open to anyone who is keen to learn about home automation and its suitability for their home, clients or family members. Dr Smith will answer the key questions most people have about voice control at home.

- ◇ How good are these systems
- ◇ Accuracy and reliability
- ◇ What else is needed
- ◇ Appliances that can be controlled
- ◇ The need for backup methods
- ◇ Other components of your system
- ◇ Followed by a Q&A session

We will also share the benefits of our Hartley Assistive Technology Program and what steps to take to arrange person specific assessments for individuals living with disability through our program.

Free parking on site – light refreshments will be served

For catering purposes, please RSVP BY 06/11/18
